Sexual Revolution is a beautifully made documentary that examines the fallout of the free-love experiment of the hippie generation with the backdrop of the prophetic nature of Humanae Vitae. The centerpiece of SEXUAL REVOLUTION is the dramatic real life story of Alana Newman, a talented secular musician who goes from being an activist for feminism and sexual freedom to giving up her entire musical career for life, family, and love. Her desperate search to find her biological father leads her to discover the treasures of true freedom through a dramatic conversion to the Catholic Church.
